

Heavy Fighting Reported In South Sector Between Ethiopians and Italians

W. CHURCHILL SAYS GERMANY REAL MENACE

Demands Support For Big Rearmament Program

London, Oct. 24.—(AP)—The challenge that a rearmament and "militant" Nazi Germany is the real menace to European peace instead of the Italian-Ethiopian war was abruptly thrown into the international limelight today by Winston Churchill, former first lord of the admiralty.

Demanding support of a big rearmament program in the November elections, Churchill made the ringing charge that "the whole of Germany is an armed camp."

The veteran statesman is expected to be either first lord of the admiralty or minister in charge of industrial mobilization for war-time conversion if a new national government is elected.

His speech brought reiterated calls for rearmament from all quarters of the house of commons, which has been holding three days of debate upon international affairs prior to dissolution.

"We cannot afford to see Nazism, in its present phase of cruelty and intolerance, with all its hatreds and its weapons, paramount in Europe at the present time," said Churchill.

This development, serving rudely to switch parliament from theoretical debate upon how effective sanctions would be against Italy, came as it became clear that the British government is not yet satisfied with developments in the Mediterranean.

Britain, it was learned, is not yet withdrawing any ships following the Italian move to reduce her forces in Libya.

Optimistic talk that a new peace move is crystallizing in Paris and Rome met no confirmation here.

"Industries of Germany are mobilized for war to an extent ours were not mobilized even after the world war began," declared Churchill.

"The whole population is being trained from childhood up to war. A military machine is being built. Many submarines are already existing in the Baltic. Big guns, machine tanks and poison gas are fast multiplying. The air force is developing at great speed."

"We have no speedy prospects of equaling or overtaking Germany in the air, whatever we do in the near future."

Churchill said Britain should at once provide for "secure and lasting command of the Mediterranean" and be prepared to "go the whole way with the whole lot" in defense of the league covenant.

But the Italian-Ethiopian question, he asserted, is a "very small matter" in comparison with German rearmament.

TOWNSENDITES SEEK HARMONY AND 'ACTION'

Claim \$200 A Month Pension Law Will Be Enacted Soon

Chicago, Oct. 24.—(AP)—Pleas for harmony and vigorous action were voiced by the founders of the Townsendites tonight before the organization's first national convention.

Dr. Francis E. Townsend and E. E. Clements, national secretary, who jointly fathered the movement, predicted their plan for providing pensions of \$200 a month to persons of 60 and beyond would shortly be enacted into law.

Delegates to the unusual rally estimated by convention officials to number more than 5,000 crowded into the ball room of a Michigan avenue hotel to hear the doctor proclaim:

"We have become an avalanche of political power that no deviation, no compromise, no conspiracy of silence can stem. We are not here with the firm resolve to free from economic slavery and economic penance one fifth of the population of our country. Nothing must be permitted to interfere. No discussion nor confusion must be tolerated."

"We must not fail. Our plan is the only hope of a distracted nation."

Striking out at insurgents, the 68-year-old Long Beach, Calif., physician asserted:

"Let me admonish you against insidious propaganda which may arise within your ranks. Our very rapid development made it inevitable that inefficiency, selfish ambition and even rank dishonesty should find lodgment among us."

"Many appointees have refused to be guided by a central authority."

"He bluntly advised the rebels to quit the organization."

"If we leave here with our work undone," he said, "the curse of Cain will fall upon us and our unhappy country."

Predicting the club organization in the east and midwest would eclipse its development in the West, Dr. Townsend declared:

"Our drive is followed up in six months time. We shall have 80 per cent of the voting strength of the nation demanding enactment of the Townsend plan. We could use a half million dollars a month for our work in the East alone. I believe we shall get it."

Great Britain Invites Five Nations To Arms Parley; United States Accepts

By Charles P. Nutter Associated Press Foreign Staff

London, Oct. 24.—(AP)—Great Britain formally invited the United States, Japan, France and Italy to a London naval conference today.

The government set the date for December 2, and followed up the invitations with an announcement in commons by Sir Bolton Meredith Eyres-Monsell, first lord of the admiralty, that the purpose of the conference would be to obtain an agreement replacing treaties expiring in 1936.

These are the Washington and London building holiday and naval limitation pacts.

(In Paris, officials said France would accept the invitation. Naval minister Francois Pietri, it was expected, would join the British in asking qualitative instead of Global (tonnage) restriction of fleets, which Japan has sought.)

(In Tokyo, vernacular newspapers quoted anonymous naval officials as saying the attitude of the United States on parity promises little hope of success for the conference, although a foreign office spokesman said the government hoped for tangible results.)

The newspapers said Secretary Swanson of the American navy department wants the 3-5-3 ratio continued among Great Britain, the United States and Japan. They interpreted this to mean the secretary is squarely opposed to Japanese demands for naval parity.

The British government expected immediate acceptance of the invitations and designation of the various ambassadors here as chief delegates, assisted by technical experts to lay the ground-work for the conference.

Under the Washington treaty, such a conference is mandatory in 1935.

Diplomats and officials here pressed to see nothing inconsistent in calling of the conference on the eve of the opening of a new British parliament December 3.

This parliament is expected to be committed to a program of rearmament. Only yesterday Stanley Baldwin, the prime minister, announced he wants a mandate for increased British armaments from the country at the Nov. 14 general elections.

NELLIE MUENCH IS ORDERED TO PRODUCE BABY

Woman and Husband Refuse To Answer Any Questions

St. Louis, Oct. 24.—(AP)—Mrs. Nellie Muench, self-designated "gift of God" mother, today was ordered by a court commissioner to produce the child, also claimed by another woman, in court here tomorrow.

Rush to Limbaugh, hearing testimony in a habeas corpus action brought by Anna Ware, young unwed mother, issued the order after a tumultuous session in which he accused an attorney of perjury and heard Mrs. Muench and her husband again refuse to answer any questions.

The attorney, Wilfred Jones, who admitted arranging for the adoption of the Ware child but declared he had not turned the infant over to the Muenchs, was arrested at the adjournment of court today on orders from the circuit attorney's office and held "suspected of perjury." He was taken to police headquarters.

Called to the witness chair, Mrs. Muench answered all queries, including the one of "do you have Anna Ware's child in your possession?" with the statement that "I refuse to answer on the ground it might incriminate me."

Dr. Ludwig O. Muench, her husband, made the same reply to similar questions, and also to requests for his address and the length of time he has practiced medicine in St. Louis.

Mr. and Mrs. Muench had refused to testify previously on similar grounds.

Commissioner Limbaugh supplied the principal drama to today's developments when he suddenly broke into the hearing, by which Anna Ware is seeking to prove that her son is the same infant the Muench family "intends to palm off as her own," with the perjury statement.

Referring to Wilfred Jones, regarded as the "key" to solution of the case, the commissioner declared:

"Mr. Jones has been guilty of perjury of the most flagrant character. While it is true that he is guilty of contempt of court, the punishment for contempt of court is so insignificant as compared with the punishment prescribed by law for the commission of willful perjury, that I am calling this matter to your attention so that you x x x may immediately make such investigation x x x as you deem proper, to determine whether or not Mr. Jones should be indicted and proceeded against according to law."

The maximum penalty for perjury in Missouri is seven years' imprisonment.

The commissioner did not mention any specific testimony in which he believed Jones had perjured himself. Jones, himself a lawyer, had admitted he made arrangements for Anna Ware to come here and have her baby so that he could turn it over to another couple for adoption.

Jones testified the Ware baby was given to a Mr. and Mrs. J. R. Palmer of Memphis, Tenn., and that he did not know its present whereabouts. Today a Mrs. J. R. Plummer of Minneapolis took the stand and told a parallel story to that attributed by Jones to "Mr. and Mrs. Palmer," but said she had not received the Ware baby.

What Do You Think?

We are confronted with mysterious silence. The silence deep and white. That is typical of a New England snow storm is not to be compared with the profound silence of Jacksonville when the forum column of the Journal and Courier. Sometimes we are extended an invitation to sit down to express ourselves. To get it out of their chests. To let it fly with the opinion, but rarely a smidgen of courtesy. What do you think? We have wandered about the streets and heard you exclaim, you talk vividly enough, and what you have to say would surely be interesting to others. Why not write it and let's see how it looks in print? Remember, you don't have to sign your own name, or you may sign it, as you choose.

There are plenty of issues on which you are sure thinking. There's the New Deal, the very mention of which in local circles has caused many a man to verbally hit the ceiling, either for or against. There's the control plan, really talk on the birthday anniversary of Theodore Roosevelt, Oct. 27. Because the anniversary occurs this year on Sunday, the observance has been postponed to Monday. Navy day has great significance in our American life, inasmuch as it is aimed to promote the interests of the nation's first line of defense.

Navy Day Oct. 28

Navy Day will be celebrated this year on Monday, Oct. 28, though it really falls on the birthday anniversary of Theodore Roosevelt, Oct. 27. Because the anniversary occurs this year on Sunday, the observance has been postponed to Monday. Navy day has great significance in our American life, inasmuch as it is aimed to promote the interests of the nation's first line of defense.

Spelling Contests Will Be Conducted To Select Champion

Morgan County Will Send Contestant to State Finals Dec. 7

Morgan county will be represented by a grade school pupil in the State Spelling match to be held in Springfield Dec. 26, at the opening session of the Illinois State Teachers' association. County Supt. Victor Sheppard has announced a series of preliminary matches, from which a final contestant will be selected.

Thirteen preliminary contests will be held in county schools beginning Nov. 12 and closing Nov. 15. The winners of these then will compete Saturday, Dec. 7, in the finals to be held at the superintendent's office in the court house.

The county superintendent in a bulletin sent to teachers gave the following information as to time and place of the preliminary contests:

- Group 1—All eligible students in T13-R8—Waverly grade school, Nov. 12, 10 a. m.
- Group 2—All eligible students in T14-8 and T15-8—Alexander grade schools, Nov. 12, 10 a. m.
- Group 3—All eligible students in T14-9 and T15-9—Berea, Nov. 12, 3 p. m.
- Group 4—All eligible students in T13-9—Nortonville, Nov. 12, 3 p. m.
- Group 5—All eligible students in T14-9—Franklin grade school, Nov. 12, 10 a. m.

The Good Neighbor

By Helen Welshimer

To be a neighbor, wise and strong and good
This is the goal that I have sought this year;
To be my brother's keeper, knowing well
How many walk a long road, dark with fear.

To go that second mile of kindness
With frightened ones—to show a child the way
To follow visions up the steepest hills...
God, I have tried to do this every day.

If I have failed, then give me greater strength
To spend myself for others this new year.
And may no one lack friendship, sympathy
To ease his load, dear God, when I am near.

Group 13—All eligible students in

T16-12 and T16-13, Meredosia grade school, Nov. 15, 10 a. m.

Teachers will dismiss all students except participants in the contest for the half day of the contest. Principals or teachers of the schools where the contests are held will also dismiss school for all except the participants. The teacher of the entertaining school will select two other teachers from the group to assist her in grading the papers of the participants. All papers and a list of grades shall be returned to the office of County Superintendent of School not later than Saturday, Nov. 15, at 12 o'clock noon.

County Finals Dec. 7

"Due notice will be sent to the teacher of the pupil who places first in the respective groups. This person will be duly certified by this office as eligible to enter the final contest at 9:30 a. m., Dec. 7, in the office of the county superintendent of schools. We have to say that we have not as yet received our copies of the State Spelling Contest rules which are being printed at the State Department in Springfield. As soon as we receive these each teacher who has an entrant in the county final will receive a copy.

"Concerning the mechanics of conducting the contest, will say that this office will furnish the necessary paper but contestants will be expected to furnish pen and ink. All papers must be written with pen and ink. It is to be hoped that each teacher will encourage the students to write plainly and neatly, as in case of a tie the deciding factor will be the legibility of the paper will be the deciding factor. We might add that a list of 100 words will be chosen from the spelling list sent out some time ago from this office. Either the county superintendent or his assistant will give out the word list. Teachers are urged to use every means to allyress on the part of the student entrants. Any further information will be gladly furnished by this office.

"Sincerely yours,
VICTOR H. SHEPPARD,
County Supt. of Schools."

LET KIDNEYS FLUSH OUT 3 LBS. A DAY

Clean Out 15 Miles of Kidney Tubes

Nature put over 15 miles of tiny tubes and filters in your kidneys to strain the waste matter out of the blood. Kidneys should pass 3 pints a day and so get rid of more than 3 pounds of waste matter.

When the passing of water is scanty, with smarting and burning, the 15 miles of kidney tubes may need flushing out. This danger signal may be the beginning of nagging backache, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes and dizziness.

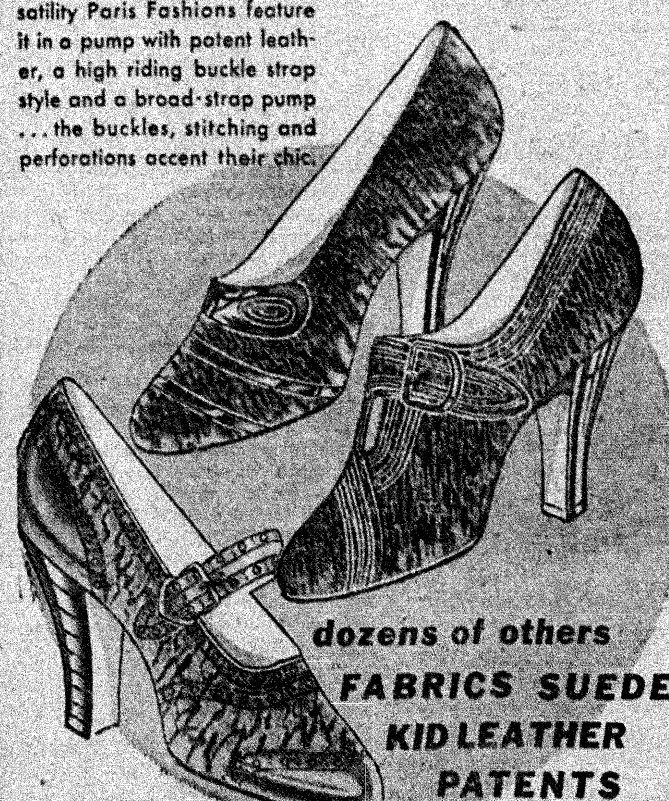

If kidneys don't empty 3 pints a day and so get rid of more than 3 pounds of waste matter, your body may take up some of these poisons causing serious trouble. Don't wait! Ask your druggist for Doan's Pills, which have been used successfully by millions of people for over 40 years. They give happy relief and help the kidneys to flush out 3 pounds a day. Insist on Doan's Pills.

Board of Education Seeking to Refund Local School Debt

Finance Chairman Will Go to Chicago to Find Out What Can Be Done

An effort to refinance the entire outstanding indebtedness of the Jacksonville public schools is being made by the Board of Education. At a meeting held Wednesday night Charles Wright, chairman of the finance committee, and Clifford Estes, the auditor who has been working on the books, were authorized to go to Chicago and ascertain what can be done toward gathering the \$411,000 indebtedness of the schools into a single bond issue and securing a lower rate of interest. At present the school securities are of various issues and carry interest rates ranging from 4 1/2% to 6%. The current low rates of interest and the

abundance of money available for loans have led the board members to believe they can save some money for the taxpayers and at the same time get the bonds into an issue with more convenient plans of payment. The finance chairman will investigate possibilities of refinancing the debt and learn the attitude of holding interests on the matter. The payment of taxes twice a year brings the money into the school treasury at times when it must be kept idle in the bank, while interest is being paid on warrants which had to be drawn to meet bond payments. It is hoped so to arrange the payments of principal and interest on the funded bonds that payments can be made when the cash is on hand. The board members met Wednesday night to confer on the problem of refunding the debt and decided

to authorize the Chicago investigation. The firm of Bishop & Bates of Springfield has recently completed an audit of the books, and the board has in hand a complete summary of the indebtedness.

Mrs. H. J. Caldwell Entertains Fortnightly
Members of the Fortnightly club were pleasantly entertained on Wednesday by Mrs. H. L. Caldwell, 235 North Webster avenue at the 40th anniversary celebration of the society.
The afternoon was spent in informal reminiscences by the members. The president, Miss Bertha Mason opened the meeting then presented Miss Jessie Grassley, the program chairman who presided. A letter from Miss Marian Fairbank of Thorbury, Alabama, a former member, was read and proved one of the outstanding numbers on the program, telling of many facts concerning the club, in an original and fascinating manner.
With a birthday cake as a feature, refreshments were enjoyed in the dining room during a social hour.

New Pavement on Route 100 Opened

Traffic Can Now Move on New Road from U.S.-36 to Kampsville

The new pavement on state highway No. 100, between U.S. 36 and Kampsville, Ill., is completed and open to traffic. Some work is still in progress on the guttering and shoulders but there is no interference with traffic. The pavement on this same route between Browning and Havana is also completed and scheduled to be opened to traffic this week. This latter stretch of pavement will be welcomed by the duck hunters in that section along the Illinois River. Open season for duck shooting in this locality started October 21 and will continue for thirty days. The road from Detroit, through

Milton and Pearl, to Kampsville is one of the most wonderful drives this time of the year that one could make. The new route 105 from Meredosia to Quincy is open, and is another beautiful road.

The road between Alsey and Manchester is still under construction. The gravel and oiled road will be done shortly. There is no fresh oil on the dirt roads in the immediate vicinity, and all roads are in good condition. Great interest is being shown in the safety patrol at the grade and parochial schools in this city. Earl Bice of the Springfield Auto Club and T. M. Tomlinson, manager of the Jacksonville Auto Club, organized patrols in Pittsfield and Barry the past week. There is a great demand for these patrols at the present time and much interest in the furtherance of the safety program. The Auto Club is working this program in conjunction with the State Highway Department.

The detour on US 40 near Booneville, Mo., has been eliminated and a temporary bridge is in use while repairs are being made on the regular bridge.

US 66 markers have been placed on the road from Mitchell across the Chain-of-Rocks bridge and thence on the belt line around the city. The belt line has formerly been marked Mo. 77, and these markers have been eliminated. US 66 is also marked to downtown St. Louis.

Corn-Hog Vote to Be Taken in Jersey

Set Up Polling Places Among Farmers to Facilitate Election Saturday

Jerseyville—Eleven polling places have been set up in Jersey county so that the corn and hog producers of county may cast their ballots in the national cornhog referendum on Saturday, October 26th. It was announced Wednesday by Joe Heitzig, president of the Jersey County Corn-Hog Control association.

Only one question will be on the ballot for the consideration of the corn-hog producers and that will be: "Do you favor a corn-hog adjustment program to follow the 1935 program which expires on November 30, 1935?" All operators and owners, or their official representatives, of farms which produced hogs or corn in 1935, may vote whether they signed 1934 or 1935 corn-hog contracts or not. Each eligible person is entitled to one vote.

The schedule of polling places announced by Heitzig will be as follows, with the polls opening at eight a. m. and closing at ten p. m.: Ruyell Township, Kamper Hall; Fidelity, Fidelity School; Piasa, Piasa Central school; Elsie, Jefferson school; Mississippi, McCluskey Hall; Jersey, Farm Bureau office; English, St. Mary's school; Richwood, Fieldon, post office; Rosedale, Groppe's store; Quarry, Freeman's store; Otter Creek, Otterville school in village of Otterville.

Another event of interest to Jersey county farmers and land owners, is the terracing and demonstration tour scheduled for Saturday, October 26.

Arrives Home from Visit to Historic Scenes in England

Miss Bertha Swearingen of
MacMurray College in
City After Voyage

Miss Bertha Swearingen, field representative of MacMurray College, has returned from England and Scotland, where she took a vacation trip. Miss Swearingen sailed September 21 on the T.S.S. California, a British boat, landing in Glasgow Scotland in the rain (typical Scottish weather). Edinburgh was the most beautiful city and London the most interesting. She was six days in London, visiting the historical sites.

In Scotland, the troosacks with Lord Lohman, the Highland country were in her itinerary. London tower Windsor castle, Eton and Oxford Colleges were visited, also the Shakespeare country, York cathedral and Chester were sites of great interest. At Chester Miss Swearingen walked on the old wall which has been there from ancient times.

She visited at Ramsgate, a friend from Danville, who is teaching there, through the "Anglo-Teachers' Exchange. From Ramsgate, she could view the borders of France. An interesting experience was the fishing contest, which she attended on the closing afternoon of the contest.

Among other places visited were Dicken's Bleak House, Betsey Trotwood's Home. Before leave England.

WATER MAIN BREAKS THURSDAY MORNING

South Main and Anna street vicinity was the scene of a young flood early yesterday morning when a water main burst. Employees of the water department were soon on the job, turning off the main which supplies water for the Illinois Power & Light Company plant, until repairs could be effected. Most of the surplus water from the broken main entered the Brook and ran away rapidly.

Miss Swearingen visited Durham, which is the boyhood home of Dr. Joseph R. Harker. She called upon a life long friend of Dr. Harker, Mr. Fowler, the Mayor of Durham, who accompanied her on a visit to Durham cathedral.

Miss Swearingen sailed on October on the American boat, stopping at Belfast, leaving on the 12 for the United States, arriving in New York on October 21.

**BAPTIST PASTOR TO
STATE CONVENTION**
Rev. F. D. Stone, pastor of First Baptist church, left yesterday morning for Quincy, where he will spend the remainder of the week in attendance at the annual session of the Illinois Baptist State Convention.

Charles W. Payne of Roodhouse Stricken Thursday Morning

Well Known Citizen Dies
from Apoplexy; Was
Cashier of Bank

Roodhouse — Charles W. Payne, prominent citizen of this community, died at his home here at 4:30 o'clock yesterday morning, following a stroke of apoplexy.

He had arisen to go to the bathroom, complaining that his throat was stopped with phlegm. He fell on the bathroom floor and died within a short time.

Mr. Payne was born in Medora 67 years ago. He attended the schools of that place, and upon graduation went to Jacksonville and took a course in Brown's Business college. Upon completing the course, he came to Roodhouse and took the position of cashier in the local bank. This place he held until about fifteen years ago, when he retired.

Mr. Payne was an active member of the Roodhouse Baptist church, the Masonic lodge and Anson Temple of the Shrine. He is survived by his wife, Anna C. Payne. One son, Howard, died forty years ago. He leaves

also two sisters, Mrs. Mabel Rives of East St. Louis, and Mrs. Myrtle Sanders of Kemper, and one brother, Harry Payne of Mississippi.

Funeral services will be held from the Roodhouse Baptist church at 2:30 o'clock Saturday afternoon, in charge of Rev. C. W. Claxon of Greenville, a former pastor. Interment will be in the Fernwood Mausoleum.

NEWLY WEDS HONORED WITH DINNER GIVEN BY KIN IN INDIANA

White Hall—Mr. and Mrs. Marion Batty who were recently married were guests of honor at a wedding dinner served at the home of their aunt, Mrs. Pauline Johnson in Indianapolis, Sunday. There were nine couples present at the dinner, and the favors were a thirty wife for the men and tiny groom for the women. Mr. Batty's cousin entertained at a dance in their honor on Saturday evening at Indianapolis. Mrs. Batty before her marriage was Miss Marie Thompson.

Ladies of the First Baptist church realized \$45 at their chicken pie dinner served at the church Tuesday.

ARENZVILLE HOME BURNED

Russel Alexander Residence Totally Destroyed By Flames

Arenzville, Oct. 24.—The three-story frame home of Russel Alexander was totally destroyed this afternoon by a fire of unknown origin. The property two and a half miles east of here was owned by James Charlesworth and Howard Fozzard. When the fire was discovered by members of the Alexander family, the roof was in flames.
Neighbors and residents of Arenzville immediately formed a volunteer fire brigade which although unable to save the farm home, kept the fire from damaging any of the other buildings. A sister of Mr. Alexander, Mrs. Archie Wheaton had her furniture stored in the house. Mr. and Mrs. Wheaton are living in Wisconsin, where Mr. Wheaton is employed. The house and furniture was covered by insurance.

Commissioner K. M. Landis Assesses Fines Against Four Cubs and Umpire Moriarty

By Paul Mickelson
Associated Press Sports Writer
Chicago, Oct. 24.—(AP)—In a characteristically brief statement of 46 words, Commissioner Kenesaw M. Landis today revealed that fines of \$300 each had been assessed against American League Umpire George Moriarty and four Chicago Cubs, among them Manager Charlie Grimm, as a result of their verbal abuse and arguments during the 1935 world series.

Moriarty, Captain Elwood English, Bill Herman and Bill Jurgens of the National League champions were fined "for vile, unbecoming language," Grimm drew his fine for violation of Moriarty's order removing him from the third game of the series.

The fines, deducted from the world series pay checks of the five principals, were the heaviest in the fall classic's history. Last year, National League Umpire Bill Klen was fined \$50 for using "bad words" to outfielder Leon "Goose" Goslin at Detroit in a hotel lobby while catcher Bill Delaney

draw a similar fine for cursing out American League Umpire Brick Owen. Commissioner Landis revealed the world series checks to the clubs, umpires and official scorers. Each Cub, excepting the four fined, received a cut of \$4,198.52. Moriarty's fine reduced his salary for umpiring in the 6-game series from \$2,500 to \$2,200. English, Herman and Jurgens may get their fines back from Grimm, however, as the Cub manager said he would gladly reimburse them for any amount they lost for their arguments with Moriarty.

The blasts of "oratory" between the Cubs and Moriarty, who once had a tryout with the Cubs and later starred for and managed Detroit, were the bitterest ever heard during world series games. The Cubs charged that Big Hank Greenberg, Tiger home run hitter, started it all in the first game by calling First Baseman Phil Cavaretta vile names. When they (the Cubs) retaliated, they charged, Moriarty began calling them profane names.

Crimson Regulars Back For Battle

One Change Probable In Line Up For White Hall Game Saturday

With all of his regulars back in the fold, Coach Frank Walker went back to his customary starting line-up, with a single exception for the game at White Hall this Saturday. The Crimson will meet Bruno Bierman's eleven in the renewal of athletic rivalry between these two cities while I. S. D. is entertaining Indiana at a

homecoming game here and Routt is playing Edwardsville on the Illinois College field.

The single change contemplated is at end where Bob Greenleaf probably will be called upon to start. Greenleaf played a guard last year, but has been moved to an end to strengthen the wings.

Dick Benson, who has been out for a couple weeks, and Charles Davis, who has been recovering from a cold, have returned to the Crimson backfield, and probably will get a chance to start against White Hall along with Don Hanson and Lefty Leach. Hamilton will be the other wingman, with Bradshaw and Chinowith at tackles. Hopper and Breeding at guards, and Hartman at center.

Other boys who are almost sure to see action are Frank and Eyle ends, Darr tackle, Murphy and Berry guard, McGowan, center, Strawmatt and King, linemen. The game will be called at 2:30 o'clock.

Two Valley Teams To Play Tonight

Winchester Goes To Greenfield And Pittsfield Invades Jerseyville

Four Illinois Valley conference football teams, while awaiting the outcome of the game at Carrollton Saturday where Roodhouse and the Hawks tangle in a game to decide the conference leadership, will get their own games out of the way tonight.

The Winchester Wildcats, one of the cleverest bunches of ball handlers to take the field in the league this year, will work their aerial circus under lights for the first time when they open up on Greenfield. Winchester, defeated by Carrollton and Roodhouse, two of the strongest teams in the league according to the standings, will be up against a team that just last week tumbled out of the undefeated class.

In another night battle, Pittsfield will turn loose its nimble Indians against Jerseyville's solid forward wall in a game that should provide some exciting moments. The Indians have come along with an improved aerial attack, whereas the hapless Jerseyville entry has been playing good football, but just not good enough to win from Greenfield, White Hall and Carrollton.

Pleasant Hill will go to Louisiana, Mo., for its competition today, leaving the center of the conference stage to the defending champions and last year's runner-ups for Saturday's big battle. White Hall will entertain Jacksonville High Saturday afternoon in a non-conference game.

Van Meter Picks 11 To Meet Hannibal

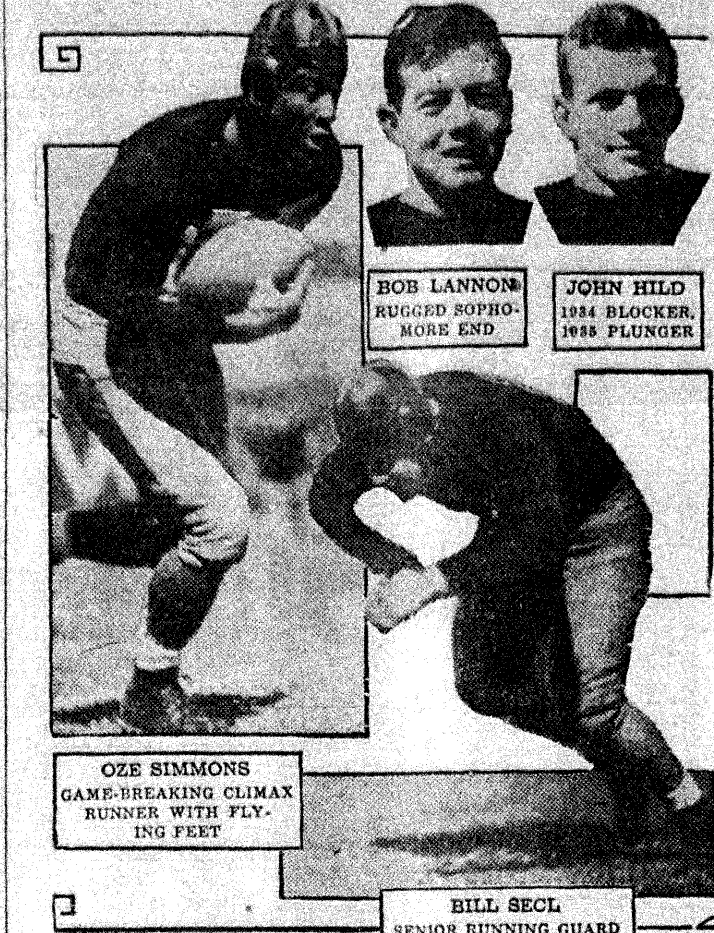

16 Players Will Go Into Missouri Saturday For Frosh Battle

Sixteen players have been named by Athletic Director LaRue Van Meter to make up the Illinois College squad which Saturday afternoon will play Hannibal-LaGrange junior college at Hannibal. Several of the players on the squad are not freshmen, but a large majority of the troop that will try to get some measure of revenge for last year's defeat at Hannibal are yearlings.

For backs, Van Meter has selected Frank Kalteaux and Blumhardt, two Chicago freshmen. Dewey Morberg, Chicago junior, John Bunch, local senior and Sperry, a freshman. All of the boys have had some previous backfield experience.

Fittman, West Frankfort, end, and tackles, Jones and Hanlin, guards, Monti, center, probably will be the starting line. Robinson, Ashland freshman end, and Redman, Powell and Pattison, tackles, will compose the remainder of the squad.

HERE COME THE HAWKEYES!

These are Hawkeyes who will figure in the Iowa-Illinois game at Champlain Saturday afternoon, as the natural rivals resume their old series after an interim of six seasons.

Defensive Oze Simmons, who likes to snatch laterals and dart through broken fields, is one of the nation's finest backs. Bob Lannon is fast on an end-around play which fooled Colgate and plays a fine defensive game, while John Hild is a power driver with churning legs and Bill Seel a big and speedy guard.

Northwestern Work Hard for Gophers

Wildcats Still Believe They Have Great Team; Illini Drill 2 1/2 Hours

Chicago.—(AP)—If they gave championships for trying and believing in football, the Big Ten trophy would go to Lynn Waldorf and his Northwestern Wildcats.

Caged, tamed, and licked twice this season, first by Purdue and then by Ohio State, the Wildcats still are convinced that they have a whole of a football team. On paper, they don't rate more than an outside chance against Minnesota Saturday, but they are almost downright confident of surprising everybody but themselves by giving the Gophers a tough afternoon they won't forget for many a year.

Ohio State's "Scarlet Scourge" licked the Wildcats, 28 to 7, last week and many of the experts said the Buckeyes would have scored two or three more touchdowns if they hadn't remembered the criticism leveled at them for mishandling Drake, 85 to 7, the week before. But instead of taking their defeat soberly, the Wildcats kicked themselves all the way back home from Columbus to Evanston. They agreed almost to a man that they played "dumb football" and handed the victory to the Buckeyes.

Any spectator watching the Wildcats work out for the Minnesota battle would gain only one impression—that Northwestern not only was undefeated but unscored on. With all the fire, dash, and enthusiasm of a championship team, they plunged into work, mulling up Minnesota formations as worked by freshmen and

United States Will Send Team to Olympic Games; Avery Brundage Says; Raps Foes

Chicago.—(AP)—The United States positively will be represented in the 1936 Olympic games, Avery Brundage of Chicago, president of the American Olympic Association and chairman of the American Olympic committee, said today in a bristling statement in reply to opponents of this country's participation in the games.

"The Olympic games belong to the athletes and not to the politicians," his statement said. "Knowing the temper of the true sport leaders and of the amateur athletes of this country who are unanimous on this subject, I say positively that there will be teams representing the United States in the 1936 games. The sportsman of this country will not tolerate the use of clean American sport as a vehicle to transplant old world hatreds to the United States.

"In accepting the invitation to compete in the 1936 Olympic games, the Olympic committee, like the Olympic committees of 48 other nations which have accepted, does not endorse the policies of any government. The committee considered nothing but sport and its requirements.

"Germany's political policy within or without its borders has no bearing on the subject. The committee only followed the universal and unbroken Olympic tradition."

As a result of hundreds of requests the American committee is publishing a 16 page pamphlet covering the entire Olympic situation. Brundage's statement continued.

FAN BREEZES
By Ernest Savage

For a lot of laughs, and some interesting if unique football, that game between the I.S.D. youngsters and the J.H.S. freshmen produced some things worth recording.

Football games for reserve teams are being booked all over this section. Carrollton recently sent a team up to White Hall to win a game, and has booked a game with Roodhouse's reserves, and probably will play Jerseyville. White Hall and Roodhouse reserves also will play.

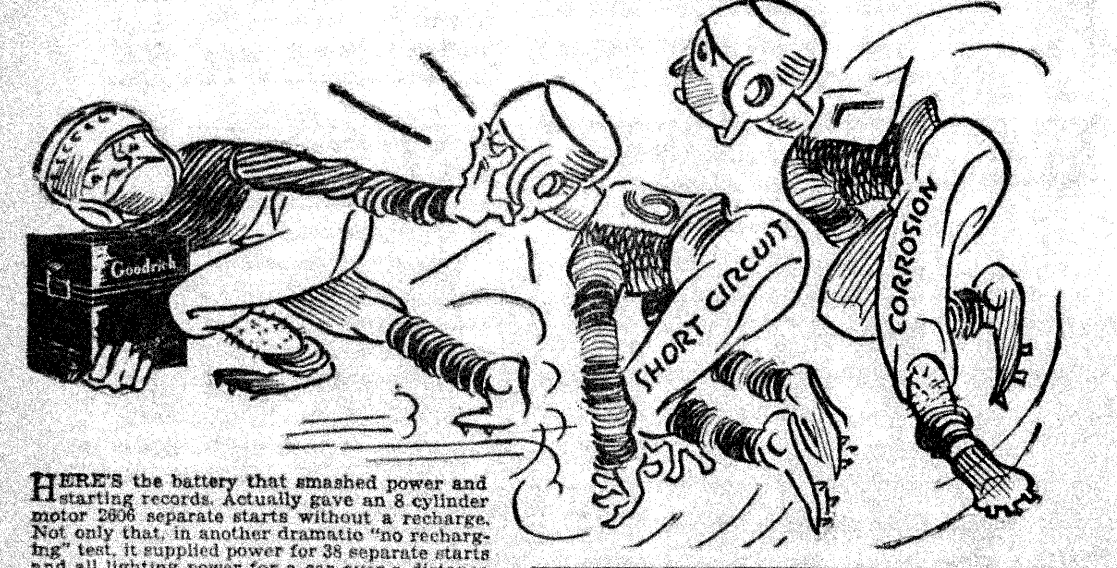

Penalties were inflicted rather freely for backfield in motion, and illegal use of hands on offense. There is no question but that the fouls took place and it was rather amusing to see what the referee "Red" Wagner, former I.S.D. and would discover on each play.

One of Mickey Cochrane's first acts upon being named manager of the Detroit Tigers was the arranging of the deal that brought Goose Goslin from Washington in exchange for John Stone. Proving that Mickey the Mike is as skillful at bartering as he is at backstopping. Steve (Tiny but Terrible) Teres of Carnegie Tech is being referred to by some people as the best football player they ever saw. After witnessing consideration. After witnessing Kentucky go down to defeat at the hands of Ohio State, Lew Byrer, sports editor of the Columbus Citizen, calls Bert (Man of War) Johnson, backfield star of the Colonels, a veritable one-man team. Clarence (Ace) Parker, Duke quarterback, carried the ball 11 times the other afternoon, reeling off runs of 21, 17, 17, 34, 39, and 12 yards. Alex Smith, considered the greatest "finishing" golf instructor of his time, did not bother to remove any impediment in the path of his putt. He used to say: "The more you fuss, the more difficult the shot is to make. If you're going to miss 'em, miss 'em quickly."

The two teams may meet again next Wednesday night. The I.S.D. have made an auxiliary football field just north of the present field for the use of the youngsters. The goal posts are back on the goal line instead of on

the end lines. It's just as well to have them there for junior games.

Ohio State Jumps Into Million Class

Columbus, O.—(AP)—Ohio State University football, for the first time in history, bangs into the million dollar class this fall. Half that amount will pour into the coffers of the university's athletic fund, to support non-paying athletics and intramural sports, and to help pay for the new stadium.

The Bucks, with three games played and counting the tickets already sold for the two remaining contests here, have already set an all-time record for attendance at home frays. Indications are that the all-time mark for foreign and home games will fall, too.

The Kentucky contest drew 58,686 customers. 28,970 saw the Bucks smother Drake, and 42,356 were on hand for the Northwestern tilt. The three-game total is 128,011, or 104,254 behind the all-time mark of 232,265 in 1928.

With nearly 80,000 seats already sold for the November 2 game with the Irish of Notre Dame, and about 35,000 disposed of for the November 16 clash with Bob Zuppke's Illinois, the old record is no more.

Saturday's game with Indiana at Bloomington is scheduled to attract about 25,000, the Chicago contest 40,000, and the Michigan fray close to 60,000, or a total for the five home and three road games of approximately 400,000.

The average price of tickets is \$2.50, and 480,000 admissions make a total of about \$1,000,000 which the Bucks will help draw through the turnstiles. The teams split the receipts on a 50-50 basis, giving the Buckeye university about \$500,000.

Morgan County Killers Denied Clemency; Must Serve Out Long Terms

Governor Henry Horner yesterday denied executive clemency to two convicted killers from Morgan county, who are serving long terms in penitentiaries. He refused to pardon or parole Elmer Austin and Carlo Coniglio, both banished from society because of crimes of murder.

Austin has been behind penitentiary walls for nearly ten years, having pleaded guilty to being an accomplice in the murder of William Steele, Nortonville store proprietor, during a holdup. For the same crime Alva Grimmer was convicted and hanged. It was on Nov. 28, 1925, that Austin was sentenced to the southern Illinois penitentiary by the late Judge E. S. Smith. A few years ago Austin was transferred to Joliet. He has attempted to obtain a pardon or parole on several occasions.

Coniglio was convicted of slaying Walter Massey, also during a holdup. The Springfield youth was tried in Morgan county circuit court twice, the first trial resulting in a hung jury. After the second trial at which he was convicted in June, 1932, he was sentenced to spend sixteen years in the penitentiary.

New Berlin callers in Jacksonville yesterday included E. J. Mau.

Kiwanis Convention Reports Are Made

Delegates Relate Details of Rockford Meeting; Membership Grows

Reports of delegates who attended the district convention of Kiwanis clubs at Rockford recently were heard at the Thursday meeting of the local Kiwanis club. The reports were made by Rev. Glen Schillerstrom and Ray Steinhilber, delegates of the Jacksonville club, and by John W. Larson, lieutenant-governor of the eleventh division.

The eleventh division, of which the Jacksonville club is a part, showed the greatest increase in membership of any of the twelve divisions in the district. It was reported, Jacksonville Kiwanians won the attendance trophy in the blue division and Winchester won the award in the white division. Six new clubs were formed in the division during the past year.

Ross Weller of Springfield was elected lieutenant governor for this division to succeed Larson and Archie Booz of Winchester was chosen treasurer of the district. The convention program was made up of many conferences designed for the promotion of activities of the club and numerous inspiring addresses were heard.

Capitol Hill Presents New Aspect to Flying Cameraman

If the government of the United States has gone through some drastic changes in the last few years, so has the outward aspect of Capitol Hill, as strikingly shown in this new airview. The new House and Senate Office buildings and the supreme court building are the unfamiliar structures pointed out to the air traveler over Washington. The rear of the Capitol is seen here. The White House lies a mile and a half beyond the Capitol's front.

Allocate Funds for Two Local Projects

WPA Allows Money to Lay Marion Street Sewer and Fill Greek Bowl

According to an announcement from WPA headquarters in Chicago, funds have been allocated for two Jacksonville projects. It is understood work will start within a short time on the Marion street sewer and the filling in of the Greek theater in the west part of the city.

The sum of \$589.95 has been allocated for the sewer, which will extend for three hundred feet along Marion street and will afford accommodations for residences in that community. The work of ditching and laying the sewer will be done by relief labor assigned thru WPA.

The amount allotted for the theater project is \$4,206.03. All the work is to be done by hand. The concrete floor and seats in the bowl will be broken up and removed, and the place will be filled in level with dirt, so that no trace of the old reservoir of the Greek theater will remain.

Report Some Grounds Dry for First Time in 20 Years

Beardstown—Some of the best duck hunting areas in this vicinity will not reverberate with the sound of shotgun firing this season because of the unusually dry conditions. Some land where duck blinds are situated are without water for the first time in twenty years.

Many duck club owners in this section have acted to defeat nature by pumping water into the dry areas so that wild ducks may have access, but

Oaklawn Notes V.

Every Tuesday is clinic day at Oaklawn. The clinic is held in the afternoon. Those who come are in three main groups; those referred for examination, those who are contacts of known cases of active tuberculosis and those who have left Oaklawn and return for follow up examination and treatment. The matter of examination was mentioned in Note IV. Today's note is on contacts.

It is important that contacts be studied carefully because from the very nature of the name it means that they have been associated with a known case. Consequently their liability to infection is greater. The tuberculin test and the chest x-ray is now made on all contacts. Extra care and attention is needed for them to keep them from developing into active cases. Occasionally active cases are discovered by this type of examination. Two children of one patient were thus picked up recently and are now receiving treatment.

It is through measures such as this that a tuberculosis program is carried out for the citizens of Morgan county. Tomorrow's subject will be the follow up of discharged cases.

More than 30,000 chimney swifts have been banded, but not one has ever been recaptured outside the United States. It is believed that they spend their winters in the rain forest of the Amazon river, but the actual wintering ground is unknown.

Julian Marshall is Summoned by Death

Remains of Former Morgan Man Will Arrive from Chicago Today

Julian Marshall, a former Jacksonville resident, passed away in Chicago at 1:45 o'clock yesterday morning, according to messages received by relatives here.

The remains will arrive at 8 o'clock this morning over the Wabash railroad and will be removed to the Gillham Funeral Home. Services will be held there Sunday afternoon at 2 o'clock.

Mr. Marshall left Jacksonville when he was about 16 years old, residing in St. Louis and Kansas City, later in Chicago where he was connected with a paper supply company.

He was a son of the late Mr. and Mrs. R. D. Marshall.

Surviving are the following brothers and sisters: Mrs. Albert Kilham, Mrs. H. K. Snyder, W. A. Marshall, John W. Marshall, R. B. Marshall, Gordon Marshall of Markham, R. H. Marshall of St. Louis, and T. R. Marshall.

Yes Mam! We've got Poly

And I'm sure proud that

Phillips is the first to offer

POLYmerized Gas at all stations

"POLYmerization... Lady, there is a mouthful for you. So I just say POLY—for short... Phillips 66 POLY GAS.

"And what a gasoline! It's the nearest thing to liquid dynamite that ever squirted through a carburetor. It sure demonstrates, and no fooling.

"Starts as quick as your toe touches the button, just like that! Why, all our customers say it's the most powerful and the highest-mileage gasoline that ever punched a set of pistons into action.

"Scientists are discovering all kinds of wonderful things these days, and you gotta give them credit for Phillips 66 POLY. It's tops in gasoline, bar none, at

regular price. Costs nothing extra... Shall I fillerup?"

Facts for Technically-Minded Drivers
POLYmerization is a scientific revolution in gasoline manufacture. This newly invented process produces premium quality motor fuel, not by physical separation of the crude petroleum as heretofore, but by chemical reconstruction of the lighter gases.

Pioneered by Phillips, this miracle of modern chemistry rearranges the atoms of high-explosive vapors and transforms them into stable, high-octane, outstandingly active gasoline.

This is the superlative product which will now enrich and fortify every gallon of Phillips 66. The result is a sensational gasoline, the talk of the industry.

For the surprise of your motoring life, try the new, improved, history-making Phillips 66 plus POLYmerization. Find out its unrivaled excellence and economy by stopping for a tankful at any Orange and Black 66 Shield.

Dole-Less Relief Program Planned For Next Year

Harry Hopkins Sets November For Ending Direct Relief Payments To States

Washington, Oct. 24.—(P)—A dole-less relief program for next year was forecast today by Harry L. Hopkins as he set November for ending direct relief payments to the states.

He coupled this statement with another forecast that the relief load would be "appreciably lighter" during the 12 months beginning next July 1. Although the program still was 2,000,000 jobs short of fulfillment and the original dole deadline only a week away, the works progress boss just returned from a month-long vacation trip with President Roosevelt, asserted it was proceeding "precisely according to schedule" and that 42 states on the dole will be cut off during November.

"Will next year's relief program bring a return of the dole?" Hopkins was asked.

"No," was the quick reply. "Nevertheless, Hopkins declined to say whether the program for the 1937 financial year which goes to congress in January, would follow present lines."

Earlier, Secretary Ickes, who also accompanied the president, said he did not expect additional work relief payments for public works or housing

projects. Hopkins reported there were 8.8 per cent fewer families on relief in September than in August. He said the drop was from 3,500,573 to 3,263,189 and added that federal and local expenditures declined 18.1 per cent from \$148,963,094 to \$121,956,239.

Hopkins made no reference to his earlier goal of ending the dole on November 1. He insisted that most WPA project money was only just beginning to leave the treasury.

Hopkins referred to recent speed by Comptroller General J. R. McCarroll, who today released an additional \$80,120, 124 to carry out selections from \$265, 281,956 worth of WPA projects.

Hopkins said he expected to complete estimates this week of amounts required to continue the dole during November.

ELISE SCHAUFFTER DIES
New York, Oct. 24.—(P)—Mrs. Elise Schaufter died in New York hospital today but the play on which she spent two years of writing and research will go on.

Mrs. Schaufter, who arrived from her Kansas City home on Sept. 25 to attend rehearsals of her play, "Parnell," summoned to a complication of pneumonia and leukemia.

Robinson Smith and Frederick W. Ayer, who are staging the production under the direction of Guthrie McClintic, announced after the actress' death that rehearsals would continue and the play would have its premiere at the Ethel Barry More theater on Nov. 11.

Virginia callers here yesterday included Mrs. C. W. Zeller.

Woman Claims AAA Is Extravagant

Rochester, N. Y., Oct. 24.—(P)—Mrs. George Simmons, self-styled Missouri "farm woman," tonight assailed the AAA as "extravagant and ruinous" and urged voters to get "rid" of its costs and its "iniquitous brotherhood of bad laws."

Mrs. Simmons, who left her Missouri farm to gain recognition at the GOP Illinois "Grass Roots" conference told a republican party rally that she placed "loss of personal liberty and right of personal choice" as the main objection to the "triple A" and its ever increasing costs.

Mrs. Simmons' home is at Marshall, Mo.

The "honest to goodness farm woman" blamed the administration for an attempt "to regiment us farmers and get paid for doing it, so that our complete subjugation can become a major part of the accomplishment of a kind of government entirely alien to our American system."

STORM RECEDES
Ketchikan, Alaska, Oct. 24.—(P)—Southern Alaska's 48-hour storm receded tonight, leaving behind a toll of one fisherman drowned and three salmon trollers sunk, but nine other fishing craft feared caught in the gale were safe.

Fears that the remaining nine vessels of the fishing fleet had been lost were allayed by a message from the coast guard cutter Hemlock, which reported they had been located.

Meredosia callers in the city Thursday included Mrs. George W. Woods.

Claim American Tore Down Flag

Shanghai, Oct. 24.—(P)—What was described as an insult in a shrine to the Japanese flag by a sailor of the United States navy, was reported by the Rengo (Japanese) News Agency today to have aroused high feeling in the Japanese community there.

Although no reports of the incident had been received in Washington, a naval officer who recently came from China said "if that report is true it may be serious."

Japanese consular authorities have demanded apology from the captain of the war vessel to which the seaman is attached, it was said. Neither the name of the vessel nor that of the sailor was disclosed.

Police said the incident occurred during the celebration of the autumn festival. The sailor, reportedly intoxicated, entered the shrine unobserved and tore down the flag and trampled upon it, police charged.

After an examination by Japanese consular police, the sailor was turned over to the American consulate.

ACQUIRE PLANT
Racine, Wis., Oct. 24.—(P)—The Walker Manufacturing Co., whose 600 employees have been idle for three weeks because of a strike, announced today it had acquired a plant in Jackson, Mich., to prevent a "complete destruction" of its business.

Reopening of the three plants here, company officials said, "depends on operating conditions."

Claim Pierson Has Delusions

Austin, Tex., Oct. 24.—(P)—Howard Pierson, accused of killing his father, an associate justice of the Texas supreme court, and his mother, was portrayed today at a sanity hearing as under the delusion he is a man of destiny, shielded by a "gang of guardians."

"Howard Pierson was a whole system of delusions," testified Dr. D. B. Klein, psychology professor at the University of Texas, as the defense endeavored to avoid a murder trial by proving the youth insane.

The professor said Pierson does not believe his real parents were Justice and Mrs. William Pierson, who were shot to death on a lonely lane near Austin last April.

He thinks his real parents were very outstanding intellectuals and that the part he is playing was foreordained," Dr. Klein added.

LAWYER DROPS DEAD
Urbana, Ill., Oct. 24.—(P)—O. B. Robbins, 65, well known central Illinois lawyer and brother of Congressman D. C. Robbins (Dem-Champaign), dropped dead today during a rebuttal argument of a divorce case in the Champaign circuit court.

As he was about to finish his summation, he lurched forward, turned to Judge J. H. Armstrong and gasped, "Will the court excuse me, please?" They were his last words.

He was carried to the court's chambers, where efforts to revive him proved futile. Physicians ascribed his death to a heart attack.

Correspondents Are Given Taste Of Real Warfare

News Gatherers Watch Count Galeazzo Ciano And His Air Squadron

By Andree Berding Copyright, 1935.

By The Associated Press
Asmara, Eritrea, Oct. 24.—(P)—Piled at 12:15 P. M.—Soaring well beyond the advance Italian lines, this correspondent and seven others were given a taste today of war as it is conducted by count Galeazzo Ciano and his "desperate" Italian air squadron.

We took off early this morning and flew straight from Asmara past Adowa to Makale and 30 miles further in search of enemy concentrations. (Makale, reported to be Italy's next major objective, is strategically situated 60 miles southeast of Adowa.)

Bullets from the ground whizzed past the roaring planes and Ciano dove frequently at suspected concentration points of the enemy, who were hiding in the bush in that region.

The tactics of Ciano, a son-in-law of Premier Mussolini, were to circle the suspected territories like an eagle waiting for its prey. When he or the observer officers were able to determine large groups of natives concealed in the bush at any certain point our squadron went into nose dives, machine guns blazing.

The result invariably was a puff of smoke from a rifle indicated we were being fired upon from the ground. Then the earth came to meet us and as we leveled off to drop bombs we could see the Ethiopian warriors scattering in every direction.

The reconnaissance flight lasted for four hours. We were fired upon both as we passed Makale to the west and as we returned.

GREAT AMERICAN
Springfield, Ill., Oct. 24.—(P)—Former President Theodore Roosevelt was described as "a truly American, the most picturesque figure in our public life for many years," as Governor Homer today called attention to the 77th anniversary of his birth on Sunday.

Biscuit is a French word which means "twice cooked."

Dan Perrotta, Gary Alderman Shot To Death

Body Of Bridegroom Of Three Months Found in Ditch In Griffith, Ind.

Gary, Ind., Oct. 2.—(P)—Dan Perrotta, 25, the youngest member of the Gary City council and a bridegroom of three months, was found shot to death today in a ditch alongside a secluded street in Griffith, Ind., six miles southwest of Gary.

The police said he was apparently the victim of a gang "ride." Perrotta was shot four times.

Several minutes before his body was found three men were seen driving away from the vicinity in a new black sedan. WPA workers who discovered the body reported seeing the automobile career past them at high speed.

Perrotta, during his short term as alderman, he was 24 years old when elected last November—often had expressed his opposition to gambling from the floor of the city council.

He married Josephine Miccolis in July, 1934, when he was ambushed and shot to death by gunmen on a Gary street. Miccolis was head of an Italian Fruit Products company and several years before his death had been convicted of conspiracy to violate the liquor laws, incurring a \$1,000 fine in federal court.

Gary police said tonight they had discovered no motive for the slaying of Perrotta. They declined to comment on a theory that the alderman had been slain by gambling racketeers fighting for control of gambling in Perrotta's ward.

Last Thursday night Michael Yesh, former member of the council who represented a district adjacent to Perrotta's, was severely beaten by two unidentified assailants.

Perrotta's body was found about two hours after he was last seen in downtown Gary. Coroner Andrew Hoffman of Lake county said he had been dead about an hour when discovered.

The police found no bullets, but said they believed Perrotta had been shot by a pistol. He was wounded twice in the head, once in the left arm and once in the left side.

WEST LIBERTY
An Arbor Day program was presented by the pupils of the Liberty school directed by their teacher Martin Hubert. A large number of parents, relatives and friends was present. At the close of the program three trees were planted in memory of Arbor Day.

The Mt. Zion and Liberty church will have a Halloween social Friday night Oct. 25, at the Mt. Zion basement. Each family is to bring either pie or doughnuts.

Mr. and Mrs. Tom Coultas and Mary Lee were dinner guests Sunday with Mr. and Mrs. Darrell Wilson.

Mrs. Wilbur Wilson and Mrs. Walter P. Brown will be at Mrs. Williams home Wed., Oct. 23, for guests day of the G. T. S. club. A special program is being arranged by the committee.

DENIED NEW TRIAL
Vandalia, Ill., Oct. 24.—(P)—Pearl Morrison, 27, Nokomis State Farm inmate, today was denied a new trial and sentenced to one to 14 years in the State Penitentiary for the death of Henry Skinner, 62, Peoria, beaten to death in the farm infirmary the night of Aug. 19.

Morrison was convicted of manslaughter about six weeks ago. Both he and Skinner were patients in the hospital ward of the farm at the time of the alleged attack. Witnesses at the trial said Morrison became irritated at Skinner's actions and kicked him several times.

ELECT PRESIDENT
Springfield, Ill., Oct. 24.—(P)—George E. McMurray of Peoria today was elected president of the Illinois Building and Loan association at the convention here. Vice-presidents elected were Arthur G. Erdmann of Chicago and Lawrence Johnson of Galesburg.

ECHOES SOUNDED
Vatican City, Oct. 24.—(P)—Echoes of Pope Pius' recent impassioned pleas for peace were sounded today by the official Vatican newspaper, "Osservatore Romano."

Extracts from the pontiff's statements were re-published in the newspaper as an indication his prayers helped to bring about what was called "the present happier international situation."

GIVEN LIONS
Phoenix, Ariz., Oct. 24.—(P)—Former Governor Al Smith of New York was given two young mountain lions today.

They were presented by Gov. B. B. Moer. He said Smith asked for them several weeks ago. It is understood they will be shipped to New York and placed in the Prospect Park zoo.

DENY REPORTS
Nanking, China, Oct. 24.—(P)—The Chinese foreign office today issued a statement denying the truth of reports that Japan is preparing new demands on China.

The report gained widespread credence when Japanese diplomatic, military and naval officials in China held a two-day assemblage in Shanghai.

BARBER DEPOSED
Sterling, Ill., Oct. 24.—(P)—E. C. Odell, 58, a barber at Morrison, Ill., for the past 40 years, dropped dead today while shaving a patron, Otto M. Wenke, a Chicago furniture salesman.

SOFT CORN NOW A GRAVE CERTAINTY IN MANY SECTIONS

Urbana, Ill.—This is now certain to be the seventh soft corn year since 1900, with the amount of soft and chaffy corn ranging from 10 to 90 per cent of the crop in different parts of the state, according to latest estimates of crop and livestock specialists at the College of Agriculture, University of Illinois.

No class of livestock can utilize this soft corn as well as can cattle, and no method of salvaging the crop has been found superior to ear-corn silage, according to Prof. H. P. Rusk, head of the animal husbandry department. Though silage or other temporary forms of silage may have to be put up on some farms to conserve the maximum feeding value of the immature corn, he said.

Horses and mules offer scant outlets for soft corn, inasmuch as heavy death losses have resulted from feeding this class of livestock on damaged corn such as is found in almost every crib during a soft-corn year. Prof. Rusk said. Sheep are notoriously fussy about their feed and cannot utilize much soft corn except in the form of silage or as ear corn direct from the field before any spoilage has taken place. Hogs are better soft-corn users than horses and sheep, but trouble with scours and the inability of hogs to eat enough high-moisture corn to make fast gains have made soft corn unpopular with hog feeders.

As for the different methods of utilizing soft corn, the best one that was found in a series of investigations at the agricultural college was ear-corn silage. Pasturing the soft corn in the field with cattle did not prove satisfactory. Shocking was dangerous, and cribbing was out of the question. Silage made from the snapped ears, husk and all, kept as well as normal silage and made an excellent feed for beef cattle. There was practically as much feeding value in the dry matter of soft corn as in the dry matter of sound corn. However, because of the high moisture content of the soft corn, steers could not eat as much feed equivalent in that form as they could in the form of normally matured corn. Hence cattle fed soft corn do not gain as fast as those fed full fed on sound corn.

An acre of soft corn may have as much dry matter in the ears as an acre of mature corn. If this dry matter is conserved and properly fed, it will produce practically as much beef as an acre of sound corn.

Irregular Tone In Stock Mart

By Frank MacMillen,
Associated Press Financial Writer.

New York, Oct. 24—(P)—Selective buying in a few sections of the stock list today failed to offset entirely profit-taking in a variety of the recent favorites.

The closing tone was irregular, with minus signs somewhat in the ascendant despite a firm performance in the oil, some of the low-priced motors and a number of metals and specialties.

Transactions slowed down appreciably after a brisk opening which left the stock ticker a little behind at times. Turnover in the stock exchange fell off to 2,155,910 shares.

The Associated Press average of 60 stocks dipped .02 of a point to 52 1/2, from the 1935 peak established Wednesday.

A number of industrial issues which have recently been in favor inclined to softness, such as Chrysler, Du Pont, International Harvester, U. S. Steel and Bethlehem, and a considerable number of rails, including a drop of nearly 3 points in Union Pacific.

Corporate news on the whole was of a nature calculated to buoy the hopes of those committed to the bullish point of view, with several extraordinary or resumed dividend announcements, including Monsanto Chemical, Colgate-Palmolive Peet and Childs Corp. Also there was improved third quarter earnings figures for such companies as Allis-Chalmers, Evans Products and General Railway signal.

THE GOLDEN FEATHER
by Robert Bruce © 1935 NEA Service, Inc.

BEGIN HERE TODAY
JEAN HUNN, secretary to DONALD MONTAGUE, lawyer, delays her suitor when Bobby Wallace, automobile salesman, asks Jean to marry him.

At The Golden Feather, eight o'clock, Bobby Wallace, who has a business connection in the garage, introduces Bobby and Jean to MR. and MRS. LEWIS, and Bobby arranges to sell a new car for Lewis. He sells them to JEAN's employer.

LARRY, a friend of JEAN's, federal agent, is trying to locate WINGY LEWIS, a man who has been reported stolen bonds and questions about them. Bobby, gambler, about them. Bobby confides he bought the bonds from Donald Montague. Montague tells Larry he bought them from Bobby.

Larry talks to Bobby, learns Lewis bought a car from him, and suspects it is armored. He sends four of his men to Lewis' hotel.

NOW GO ON WITH THE STORY CHAPTER XX
FRANK WATSON and Al Peters were waiting outside the entrance to the West Park hotel when Larry drove up.

"Tony and Tommy are inside," said Watson. "Tony's up at the entrance to the suite, and Tommy is with the manager. The people checked out just about 30 minutes before we got here. The manager says they seemed to be in a hurry."

"I'll be there," said Larry. They entered the lobby and crossed to the desk, where Tommy Waters was talking with the manager, a married-looking individual in a morning coat.

"I hope you'll be able to conduct your investigation quickly," he said. "It would be a bad thing for us to have any publicity about this."

"Yes, I imagine it would," said Larry. "One good way to avoid things like that is to be a little careful about who you rent rooms to."

He took the key which the manager handed him, glanced at the number, said curtly, "You needn't come with us," and led the other agents to the elevator. They went up and found Tony LaRocco lounging at the apartment entrance. Larry unlocked the door and they all went inside, closing the door after them.

The suite consisted of a large, ornately-furnished living room, two bedrooms, an elaborately-tiled bathroom, and a small kitchen and dining alcove. Larry looked about him appreciatively.

"They did themselves well, these birds," he said. Tommy Waters nodded.

They crossed the living room and entered the larger of the bedrooms. The twin beds were unmade, the drawers of bureau and dressing tables stood open, a tray containing glass and a glass of water still in them stood on a little table between the beds, and a crumpled newspaper lay on the floor nearby. There was a discarded necktie on a dresser, and a crumpled sheet of wrapping paper beside it.

"Nothing much to see here," observed Larry. "Let's look farther."

The bathroom was similarly disordered. The other bedroom seemed not to have been occupied, and was in apple pie order; but the dining alcove table still bore plates and cups with the remains of a meal, and empty bottles on the shelves of the little kitchen.

Larry inspected the alcove table.

The Rev. L. B. Trowbridge, of Chicago, secretary of the Baptist Tract Missionary Society, was severely burned on his hands and face, Miss Margaret Walst, of Springfield, Ill., received a probable fractured nose and Mrs. J. R. Singleton of White Hall, suffered injuries to her legs. Five other passengers in the bus, bound from Jacksonville to St. Louis, escaped injury.

According to Robert Edwards, driver of the Jacksonville Bus Lines Coach, the accident occurred when he swerved the bus to avoid striking an automobile which pulled into U. S. Route No. 67 from a side street. Edwards told authorities that the car struck the bus, knocking him from his seat and throwing the bus out of control.

He then plunged off the highway, Edwards related, and crashed into the office of the bulk filling station.

The large bus plowed through the building and crashed into the tank truck inside. It is believed that either the tank on the bus, the truck or a pipe leading from the gasoline tanks broke allowing gasoline to escape. The gasoline flowed down a ditch to a small fire, thirty feet from the building. The fire had been started during the afternoon to burn some rubbish which had been collected by workmen, who had been engaged in repairing the roof on the bulk station office. As soon as the gasoline reached the fire, the flames began to spread.

Removes Passengers

Edward had removed all his passengers from the bus and ordered them away from the scene. Rev. Trowbridge started to walk away, but a small pool of gasoline became ignited under his feet and the flames enveloped the aged man. His overcoat was badly burned, and he received painful burns to his hands and face.

Miss Walst, received her injuries when she was thrown against some object in the bus, while Mrs. Singleton was injured when she attempted to flee from the flames and fell into a ditch.

The fire quickly spread to a filling station office and within a few minutes the entire building was a mass of flames.

The operator at the telephone office, noticing the flames, sounded the fire alarm and volunteer firemen were soon on the scene and a bucket brigade was organized. The firefighters, however, were powerless to combat the flames and a call was sent to Jacksonville for assistance. The Jacksonville Fire Department sent a truck to Murrayville, on orders from Mayor Fletcher J. Blackburn and Alderman Ralph Greer.

The Jacksonville firemen used chemicals and hand pumps and soon had the flames under control, preventing them from spreading to four large gasoline tanks containing 45,000 gallons of gasoline. The tanks were within twenty feet of the burning building, but were equipped with modern vents, which probably prevented them from exploding.

Building Truck Burns

The office building, the tank truck and the bus were entirely consumed by the flames. Watchers claim that the gasoline tank on the truck exploded, adding fuel to the flames.

Following the crash the burned and injured were removed to the residence of Harry Strang, where they were made comfortable until physicians arrived. Mr. and Mrs. Strang, Miss Eva Mortimer and Earl Mortimer gave them first aid treatment.

Dr. Paul Hartley of Jacksonville, arrived shortly after the accident, having been summoned by the bus company officials.

Mr. Trowbridge and Miss Walst were given surgical treatment and were then removed to Passavant Hospital for further treatment. Mrs. Singleton was able to proceed to White Hall in a special bus, which arrived from Jacksonville shortly after the accident.

The flames which were plainly visible from Woodson attracted many persons. The highway between Jacksonville and Murrayville was filled with automobiles and parking space in this village was at a premium. The fire was only a few feet off Route No. 67 and all traffic had to detour around the fire. Many large transport trucks had difficulty getting through the city, while others pulled off the road and waited until firemen quenched the flames making it safe for traffic.

Chief of Police George Lawson and Highway Patrolman Harry Doolin handled the traffic on the hard road, during the fire.

Murrayville officials appreciate the work of the Jacksonville firemen, who arrived in Murrayville about 7:30 o'clock and had completed their efficient work and departed for their home station within an hour. While the Jacksonville firemen, because of the lack of water, could not save the office building they prevented the flames from spreading and after extinguishing the fire in the office building also put out many small blazes on telephone and telegraph poles nearby.

CHARLES DAY IS ARRAIGNED IN J.P. COURT

Waives Preliminary Hearing On Assault To Kill Charge

Charles H. Day, charged with "assault with intent to kill and murder" waived preliminary hearing when arraigned in the court of Justice of the Peace A. B. Opperman yesterday afternoon, and was taken to the county jail when he failed to provide the \$5,000 bail, fixed by the court.

Day who is charged with being a party to the shooting of Sheriff Kenneth Woods, on the Burlington railroad tracks northwest of the city last week, was brought into court by Deputies Clinton Strommatt and W. R. Cook.

The complaint against him, which was sworn out by Sheriff Woods, was read to Day. The court then explained that he had two courses—a preliminary hearing or a bind over.

Day decided to take the bind over and the court fixed his bail at \$5,000. The defendant told the court he was unable to furnish the security, and a mittimus was issued and he was taken to the county jail to await the action of the grand jury which meets the early part of November.

Sheriff Woods received 200 pellets from a shotgun in his body, when he surprised two men allegedly stealing coal on the Burlington railroad northwest of the city. The two men escaped, but left their automobile and a trailer near the scene.

Day was apprehended at Hannibal by Burlington agents last Friday and was brought to the county jail here. Officers claim that he made a statement, admitting he was one of the men at the scene when the sheriff was shot.

Sheriff Woods is still a patient at the St. Mary's hospital, but his condition is reported satisfactory.

Independence Avenue To be Kept Open is Decision of Council

After deciding as a road district not to close East Independence Avenue, members of the city council spent the remainder of the evening talking about minor matters, referring most of them to committees for further investigation.

A delegation of residents along the disputed street was present in the council chamber, presumably to protest the closing because of the condition of a bridge. W. H. Cocking, as a road commissioner, moved immediately after the session opened that the petition to close the street be rejected, Commissioner Ralph Greer seconded, and all of the commissioners present voted in favor of the motion.

Taking cognizance of the calls made upon the fire department to assist in combating fires in other communities, the council argued for sometime over the policy to be followed by the chairman of the fire committee in authorizing the department to leave the city limits without coming to any definite understanding.

Alderman Green, chairman of the fire department committee, brought up the question, which immediately brought from Alderman George Brown the statement that he was not in favor of extending the use of fire fighting equipment to persons who have built outside the city limits to escape paying city taxes.

The alderman also declared that the village of South Jacksonville was paying less for its water than the citizens of Jacksonville, and that he favored shutting off water at the city limits. Alderman Brown was informed immediately that South Jacksonville paid the city \$50 each time the fire trucks made a run into the village, and that the village paid a rental fee of \$450 a year for fire hydrants in the community.

Pay For Calls.

Alderman Cocking, Denny and Harmon voiced the opinion that it probably would repay the city to answer calls to the neighboring communities, and that if possible some charge, based upon mileage, should be worked out.

That brought up a debate over whether the city should continue to furnish special police protection to firms which handle large sums of money, and the council indicated, without a vote, that it favored the present policy of preventing crimes, rather than attempting to catch criminals after crimes were committed.

Charging that open gambling had been allowed to return to the city, Alderman Brown refused to name any of the persons he alleged were operating these places when asked to do so by members of the council. Brown declared he wouldn't put anyone on the spot, and declared it was merely his duty to call the conditions to the attention of the council. City Attorney Edward Cleary said he was ready to prosecute as soon as warrants were sworn out. Mayor F. J. Blackburn terminated the tirade by declaring that any further remarks would be out of order.

A return of one of the almost annual disputes started another investigation when Mayor, Blackburn re-elected Alderman Ben Denny, chairman of the finance committee, and City Attorney Cleary were instructed to go ahead with plans for refunding an issue of \$5,000 in bonds which will fall due in December. Alderman Mathews explained that the refunding of this particular issue had to come sooner or later, but that it had been delayed for two years because of the poor condition of the bond market. Conditions have improved sufficiently now, he stated, to warrant refunding the issue, which will be the last refunding issue necessary.

Refunding was made necessary, he explained, by the fact that money was in the Avera National bank to pay off one block of bonds when the bank closed. At that time the bond market was in such a condition that it was less expensive to anticipate against taxes and pay off the issue. Conditions are such that it is deemed advisable to refund the issue now and save the city paying the interest on the anticipation warrants.

Police will be assigned to protect pedestrians at the main entrances and exits from the square on Saturday nights and during heavy traffic hours, Alderman Green reported in answering a question of Alderman Brown.

Reporting that he had taken up with the J. & H. railroad the matter of fixing the East State street crossings, Alderman Mathews, chairman of the highway department was informed by residents who use the streets that the repairs have been made and that they are highly satisfactory. The alderman told the council that he had not been notified that the correction had been made, but appreciated the quick action the railroad took in making the repairs.

Dr. Friedrich Engelbach, health warden of the city, in a letter to the council suggested that something to give this department authority be done by the council. He suggested that the health warden be made responsible to the council, that a copy of all ordinances outlining the duties of this office be given the warden, and that the warden act with the committee from the council in bringing about more satisfactory working arrangement.

Speaking later, Dr. Engelbach explained that he had never been appointed by the present city council, and that health wardens in the past had not carried out the duties of the office because of lack of authority. He declared there were several city ordinances which had not been enforced for this reason and that it was possible that a number of ordinances would have to be changed to make them enforceable.

The suggestions were turned over to the health committee, of which Alderman Ray Harmon is chairman, for study and a report to the council. The health chairman reported that the city attorney was making progress on a means of abating the difficulties caused by a trucking concern near Morton avenue.

Talks Property Sale

Basel Sorrells, speaking for the park board, told the council that the park board had been approached by Dr. Engelbach regarding the purchase of a piece of property fronting on Lake Mauvasterre, which the physician sought as a location for a new house. The park board president explained that the board was ready to sell the property, near the present Reeve farm and part of the former Kitzer estate. The request was turned over to the public improvements committee of which Alderman Robert Weaver is chairman.

C. J. Wright, superintendent of the water department, reported that he has paid the back sales tax due on water meters sold by the city, amounting to about \$50. His report to the council stated that no tax had been paid on meter sales during the last three years, and that he had obtained permission from the state to pay this tax without a penalty. The tax for the last two years, up until July 1 of this year, was two cents on each dollar, and three cents on each dollar after that time.

The zoning board tossed back into the lap of the complainant the plea for either council or zoning board action in forcing a person to move a building on a small lot. A Mr. Daly filed the complaint with the council, which in turn sent the complaint to the zoning board. The zoning board stated in its report that it was a matter for civil action, and did not come under the jurisdiction of either the council or the zoning board. Daly disputed the decision, but the council went ahead with its business when the complainant said he was not ready to swear out a warrant.

Jim Harmon exhibited a new cement street marker to the council, and offered to sell any number to the city for \$1.50 each. The offer was referred to the street department.

Alderman Robert Weaver and John Early were absent.

TAX HEARING CONDUCTED AT WINCHESTER

Railroads Object To Part Of 1934 Bill; Other News Notes

Winchester, Oct. 24.—The tax objections of the Wabash, C. B. & Q. and Alton Railroads to certain portions of their 1934 tax bill in Scott County were heard in County Court before County Judge L. Allan Watt today. The railroads objected to the four cent levy on the \$100.00 valuation for the payment of County Mother's Pension and also to the 13 cent levy on the \$100.00 valuation for the purpose of paying outstanding claims against the county. State's Attorney C. C. Carter, and Norbert L. Hutchens, attorneys for the county confessed the objection of the railroads to the levy made for the purpose of paying the Mother's pension. The court heard argument of counsel relative to the other objection and overruled the objections of the railroads as to part of the levy made for the purpose of paying outstanding claims and sustained their objections as to the balance.

The Alton Railroad was represented by R. M. Riggs, the Wabash by Walter Bellatti and the C. B. & Q. by F. C. Funk.

Students Await Report Cards; Color to Count

First report cards of the year make their appearance at the high school today. This, in itself, is a momentous occasion and one which invariably creates a stir among the student body. But this time there is a little something else to mark the event. Always, in the past, the grade slips have been passed out to the pupils to treat as they see fit. And it reported that some, on a very few, who received one or more "F's" did not see fit to report same to the fond parent.

Anyway, this morning, students who earned all passing marks will get the customary white card. But students who failed, even in one subject, will be handed a glaring yellow report card with a space set off for the signature of aforesaid fond parent and with directions to return the card to the home room teacher.

It is thought that this method should act as a study stimulus for some who do not particularly relish the idea of sporting a yellow card and preventing same to the Powers that Be at home.

ANNIVERSARY OF BIRTH MARKED
